

# Crawford Livestock Market

Market report for Friday May 31, 2024. We sold 1353 head for the day including , 479 head of weighup cattle. We had roughly 50 pair and the balance being feeder cattle. Our weighup market were steady and stronger again this week. Feeding cows were \$140-\$159. Top slaughter cows were \$120-\$149, next cut were \$116-\$136. Even thin, flawed cows were \$96-\$114. Young cows were mostly \$160-\$185 and heiferettes were \$157-\$197. Big slaughter bulls were \$146-\$167 and cutting bulls brought \$181-\$205. Pairs, even aged ones continue to sell very well with good demand! Our feeder cattle in load lots sold as high today as any in the country and tight supplies are helping keep the market active and high! We will be off next Friday, June 7<sup>th</sup> to attend a family funeral but will be back on June 14<sup>th</sup> with a Special Dry Cow sale. We appreciate our loyal consignors, buyers and crew for another successful day as we couldn't do it without you all! A big thank you!
