

Crawford Livestock Market

Market report for Friday, August 30, 2024. We sold 2,621 head for the day including about 300 weighup cows and bulls and the balance being feeder cattle. The weighup market was stronger across the board with a lot of big, fleshy cows in the offering this week. Most of the cows are going direct to slaughter and a small portion are going to be fed at this time. The top end of the feeding cows were \$135-\$140. High yielding cows were \$120-\$135. Best of the big bulls were \$145-\$160. A light run of cutting bulls saw the better ones bring \$150-\$195.

We had a very nice line up of yearlings this week and the market was stronger in the country of bigger yearlings coming off grass. Thank you to the consignors, buyers and crew for another great week!
