

Crawford Livestock Market

SEPTEMBER

Market report for Friday, September 13, 2024. We sold 1,892 head for the day consisting of 280 head of weighups and the balance being feeder steers and heifers.

Top of the feeding cows were \$135-\$141, a dollar stronger than last sale with a large portion of today's cows going on feed. Slaughter cows were un-evenly steady at \$125-\$131. Thin, gimp cow sold good at \$108-\$120. Big, fat cows were \$130 all the way up to \$157. Bulls were steady on the big ones to a tick stronger at \$150-\$160. We had our final major yearling sale of the year with good demand despite most of the major feedyards being pretty full, taking on video cattle from the summer and continued pressure on the fat cattle from the packers making it hard on our feedyard guys.

We had a good day overall and now turn our focus to the fall run in October. Thank you to the consignors, buyers and crew for another great week on a hot September day!
