

# Crawford Livestock Market

Market report for Friday, May 3, 2024. We sold 482 total head for the day. We had close to 300 head of weighup cattle. Weighup market was steady in most classes to higher in some instances. Feeding cows steady this week at \$131-\$142.50. Better end of the slaughter cows might have been off a bit but still strong at \$121-\$130. Lower yielding cows \$114-\$127. Cows with a few flaws were \$95-\$109. Young cows were \$142-\$172. Heiferettes were \$155-\$194. Big killer bulls were strong \$143-\$152. Lighter slaughter bulls were \$143-\$147 & cutting bulls were \$151-\$200.

We had a nice offering of pairs and bred with demand exceeding supply as most of the cows have made it to town and most folks are set for what looks like a promising start to summer grazing. Once again we couldn't do what we do without our loyal consignors, our steadfast buyers and wonderful crew!
